

CURRICULUM VITAE

IDENTIFICATION

Name : AGBOR TAKU JUNIOR
 Date of birth : 26th July 1987
 Nationality : Cameroonian
 Gender : Male
 Marital status : Single
 Permanent address : Biyem-Assi (Yaoundé-Cameroon)
 Tel : 6 93 51 36 71 / 6 79 64 38 76
 E-mail : takujunior99@gmail.com

EDUCATIONAL PROFILE

Year	School	Certificate Obtained	Competencies
2014	University of Buea	Masters Degree in Applied Geology	<ul style="list-style-type: none"> ✓ Excellent Geologic Field Exploration Skills ✓ Good Applied Geochemistry, Geophysics and Structural Geologic knowledge ✓ Good Mineralogy and Petrographic Skills ✓ Very Strong Applied Stratigraphic and Facies Analysis Skills ✓ Very Strong Sedimentary Basin Analysis and Modeling Skills ✓ Strong Biostratigraphic and Palynological Interpretation skills ✓ Strong Data Gathering And Management Skills ✓ Very Strong Reporting Skills
2012	University of Buea	B.Sc. Degree in Geology	<ul style="list-style-type: none"> ✓ Good Geologic Knowledge ✓ Good Field Exploration Skills ✓ Basic Drilling Skills

OTHER TRAININGS

Year	Institution	Competencies
2016-2017	BRGM/GTK/BEIG3	✓ Whole rock, stream and alluvial sediment geochemistry in mineral exploration
2016	RH BOOSTER / IRGM	✓ Team Cohesion and Performance management
2014	AvHStiftung / University of Buea	✓ Short Course on Mineral Exploration and Ore Deposits
2013	Institute of Geological and Mining Research (I.R.G.M)-Yaoundé (Internship)	<ul style="list-style-type: none"> ✓ Geologic Field Methodology and Sampling ✓ Sedimentary Facies and Basin Analysis

PROFESSIONAL EXPERIENCE

Year	Employer	Position Occupied
2017-Present	BRGM/GTK/BEIG3	✓ Geological and Geochemical Prospection Team Leader, PRECASEM /Geo4CAM Mapping Project
2016-Present	Ministry of Scientific Research (I.R.G.M)	✓ Junior Researcher (Sedimentologist)
Nov 2015-Dec 2015	Lafarge-Holcim (CIMENCAM)	✓ Exploration Geologist (Greenfield Mineral Exploration, Eastern Onshore Douala Basin)
Jun 2015-July 2015	Lafarge-Holcim (CIMENCAM)	✓ Exploration Geologist (Greenfield Mineral Exploration, Northern East Douala Basin)

SOCIAL AFFILIATIONS:

Year	Institution	Position Occupied
2016-Present	Cameroon Academy of Science	✓ Member
2016-Present	Centre International pour la Formation et les Echanges en Géosciences(CIFEG)	✓ Member
2016-Present	International Association of Sedimentologists(IAS)	✓ Member
2016-Present	Young Earth Scientist (YES) Network	✓ Member
2016-Present	International Association for Promoting Geoethics(IAPG)	✓ Member
2013-Present	Society of Petroleum Engineers (SPE)BueaChapter	✓ Technical Team Member
2012-Present	Extractive Industries Transparency Initiative (EITI)-Cameroon	✓ Member and Ex-student vice President

PERSONAL ENDEAVORS

Year	Project
2014	✓ Developed the first 3D depositional model for the Onshore Rio del Rey Basin (undergoing corrections)

AWARDS OBTAINED

Year	Awarding Institution	Award Obtained
2010-2014	University of Buea	✓ Received The Presidential Academic Excellence Award Four (04) Times

SOFTWARE KNOWLEDGE

MS Word, Excel, PowerPoint, Publisher, Onenote, Photofilter, FoxitPdf, ArcGIS knowledge, Sedlog, Petrograph

COMMUNICATION SKILLS

Language	Reading	Listening	Written interaction
English	✓ Excellent	✓ Excellent	✓ Excellent
French	✓ Excellent	✓ Excellent	✓ Excellent

Publications:

Olivier Anoh Njoh and Agbor Junior Taku. (2016). **Shallow Marine Cretaceous Sequences and Petroleum Geology of the Onshore Rio del Rey Basin, Gulf of Guinea.** *Open Journal of Marine Science*, 6, 177-192. <http://www.scirp.org/journal/ojms>.

HOBBIES

- Sports: football and kickboxing
- Video Games and Hiking
- Research

<p style="text-align: center;">Certified Exact Agbor Taku Junior <i>A.T.J</i> June, 2017</p>
